7. Tax Withholding Election

Distributions treated as nonperiodic payments from your IRA (excluding those from Roth IRAs) are generally subject to federal (and possibly state) income tax. Even if you elect in writing not to have federal and/or state income tax withheld when permitted, you are liable for payment of federal and state income taxes on the taxable portion of your distribution. You may elect not to have federal income tax withholding apply to your distribution by entering 0% on the line of Section A. Federal Income Tax Withholding below, and signing and dating this form. If you elect not to have withholding apply to your distribution, or if you do not have enough tax withheld, you may be responsible for payment of estimated taxes. You may also incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. For more information, see IRS Publication 590-B.

Your tax withholding election will remain in effect on all distributions from this IRA until you change or revoke it. You may change or revoke your tax withholding election at any time by submitting your request to Schwab. The federal or combined federal and state withholding tax rate of 100% will not be retained for future distributions. To process a distribution with a federal or combined federal and state withholding tax rate of 100%, please request a one-time check.

Note:

- Distributions from an IRA that are payable on demand are treated as nonperiodic payments.
- Nonresident aliens are subject to a 30% tax withholding rate and must submit a valid IRS Form W-8BEN to obtain an available reduced tax treaty rate.
- Generally, Roth IRA distributions are not taxable. Unless you have an existing election on file or elect to withhold on this form, we will not withhold taxes from your Roth IRA distribution.

A. Federal Income Tax Withholding: Your withholding rate is determined by the type of payment you will receive.

For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% below. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions.

Complete the line below if you would like a rate of withholding that is different from the default withholding rate. See the Marginal Rate Tables on page 1 and the General Instructions on page 2 of the attached IRS Form W-4R. You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Instructions on how to best use them are included.

Enter the rate as a whole number (no decimals). _____%

Note: The attached IRS Form W-4R is for information only. You are not required to complete the IRS Form W-4R.

B. State Income Tax Withholding: State income tax withholding from your distribution may be required. In some cases, you may elect not to have withholding apply, or you may elect to increase the rate of withholding. In other cases, state income tax withholding may not be available. Refer to the State Income Tax Withholding Information sheet for specific information concerning your state's withholding rates.

While Schwab makes every effort to obtain information about state tax laws from sources believed to be reliable, Schwab cannot guarantee the accuracy or timeliness of state tax withholding information because state tax laws are subject to constant change and interpretation. We recommend that you contact your tax advisor regarding your tax withholding elections and to answer any questions that you may have.

If you do not make an election, Schwab will apply withholding (if required) at the minimum rate based on the laws for your state of residency as determined by the legal address of record on your account.

Choose one:

- ☐ I do not want state income tax withheld.
- ☐ I want state income tax withheld at the rate of _____% (State tax withholding must be at least your state's minimum tax rate and not more than 100% when combined with federal income tax withholding.)

Note: If you move between states with different withholding laws, Schwab will apply withholding (if required) at the rate you have provided above or at the minimum rate based on the laws for your new state of residency, whichever is greater.

8. IA and TAMP Disbursement/Standing Authorization (Optional)

Please initial below only if you want your IA, and/or your TAMP, to initiate distributions or contributions on your behalf as indicated in this form. 9. Please Read and Sign

Withdrawal of Assets

You may withdraw assets—funds or securities—from a Traditional/Rollover IRA, Roth IRA, Inherited IRA, Inherited Roth IRA, SEP-/SARSEP-IRA, or SIMPLE IRA at any time.

Taxation of IRAs

For more information, see IRS Publication 590-B or consult a tax advisor.

In general, qualified withdrawals from a Roth IRA (including contributions and investment earnings) and distributions of the nondeductible contributions to a Traditional/Rollover IRA and Roth IRA are free from federal income tax. All other IRA distributions, including deductible contributions and investment earnings, are subject to federal (and possibly state) income tax at ordinary income tax rates.

Rollover Exception. If you make a withdrawal from your IRA, you have 60 days from the date of the withdrawal to roll the same assets back into an IRA (at Schwab or elsewhere) in order to avoid taxes and penalties on the amount withdrawn. The rollover must be made into the same kind of IRA (e.g., a distribution from a Roth IRA may be rolled over only into another Roth IRA, not a Traditional IRA). You may do this only once in a rolling 12-month period. Rollovers are not allowed with Inherited IRAs; therefore, the 60-day rollover rule does not apply.

Early Withdrawal Penalty. If you are not yet age 59½, a 10% early withdrawal penalty applies to the taxable portion of distributions from the Traditional/Rollover IRA, Roth IRA, SEP-/SARSEP-IRA, or SIMPLE IRA unless the distribution qualifies for an exception to the penalty. In the case of a SIMPLE IRA, the early withdrawal penalty increases from 10% to 25% for a distribution made within the first two years after the account is established.

Exceptions to the Early Withdrawal Penalty. The 10% penalty described above will not apply if the distribution is:

- (1) used for qualified higher education expenses, qualified home purchase expenses, certain medical expenses, or certain health insurance expenses during periods when you are unemployed;
- (2) made after your death or disability;
- (3) paid in substantially equal payments over your life or life expectancy;
- (4) paid on account of an IRS levy;
- (5) a qualified reservist distribution;
- (6) a birth/adoption excise tax exception;
- (7) a federally declared disaster;
- (8) domestic abuse; or
- (9) an emergency expense.

If you convert your Traditional/Rollover IRA to a Roth IRA, the taxable portion of your Traditional IRA is not subject to the 10% penalty regardless of your age at the time of the conversion.

Repayment of Certain Penalty Free Distributions

For birth/adoption, federally declared disaster, domestic abuse or emergency expense distributions you have three years to repay the distribution.

Generally, the three year time frame starts the day after the distribution is received.

Required Minimum Distributions. When you reach the RMD age, you are required to begin taking distributions from your Traditional/Rollover IRA. This is not required for a Roth IRA. Inherited IRAs, including Roth Inherited IRAs, have different RMD rules. For more information, consult your investment advisor or IRS Publication 590-B.

ACH Accounts (if applicable). You authorize Charles Schwab & Co., Inc. to direct transfers of money electronically according to the instructions outlined on this form to or from your Schwab account to your bank or Other Financial Institution Account as designated above, and authorize that bank or Other Financial Institution to credit and/or debit the same to such accounts, subject to the applicable terms and conditions

contained in this form, your Schwab Account Agreement, and the Electronic Funds Transfer Terms and Conditions, which you will receive separately once you are enrolled in the ACH Service. You acknowledge that Schwab may rely on the account information you provide and shall have no obligation to verify additional recipient account registration information.

This standing authorization will remain in effect on your Schwab IRA until Schwab terminates the ACH Service or has received notification from you (or any of the account holders, IA, or TAMP) of termination in such time and in such manner as to allow Schwab and your other bank or financial institution a reasonable opportunity to act on it.

Custodial Accounts. If this is a custodial account, you acknowledge and agree that any funds or securities transferred out of the account, and into the account of the custodian or other account, shall be used or applied solely for the benefit of the minor.

Disbursement Authorization. If you have indicated on this form that your IA and/or TAMP will have disbursement authority over your account, you authorize Schwab to accept instructions from your IA and/or TAMP to transfer assets from your Schwab IRA to the account at the designated Other Financial Institution. IA's and/or TAMP's authority includes giving Schwab instructions on your behalf. If you have selected ACH Service, IA's and/or TAMP's authority also includes changing existing instructions for one-time (on-request) transfers and recurring transfers, stopping transfers, and canceling the ACH Service (and reestablishing it within 60 days of cancellation). IA's and/or TAMP's authority does not include requesting disbursements to other Schwab accounts or Other Financial Institution Accounts not identified above.

Termination of Authorizations (if applicable). The IA and/or TAMP authorization you have granted in this form will remain effective until you or IA and/or TAMP have revoked or terminated it by giving notice to Schwab, either by mail, telephone, facsimile, telegraph, messenger, electronic mail, voice mail, or otherwise, provided, however, that Schwab reserves the right to require written notice or confirmation that such authorization has been terminated or revoked. You understand that you may revoke or terminate the authorization conferred herein at any time. Unless revoked or terminated by you or IA and/or TAMP, authorization conferred herein to IA and/or TAMP shall continue to apply to IA's and/or TAMP's successors or assigns. Such revocation will not affect your obligation resulting from transactions initiated prior to Schwab's receipt of such notice. You understand that if Schwab terminates its service agreement with IA and/or TAMP, Schwab will not be obligated to honor any further instructions from IA and/or TAMP; you will have exclusive control over, and responsibility for, your account; and unless Schwab notifies you otherwise, your account will become a Schwab retail IRA subject to all terms and conditions applicable thereto, including fees and commissions for investment products and other services available to Schwab retail customers. Schwab will notify you as soon as reasonably possible after any such termination.

Indemnification for Authorizations (if applicable). You agree to indemnify and hold harmless Schwab, its affiliates, and their directors, officers, employees, and agents from and against all claims, actions, costs, and liabilities, including attorneys' fees arising out of or relating to (1) their reliance on authorizations granted in this form and (2) Schwab's execution of IA's and/or TAMP's instructions.

IMPORTANT DISCLAIMER: This summary is intended to provide a general statement of the rules affecting withdrawals from IRAs and is not intended to provide specific guidance. The rules affecting withdrawals from IRAs are complex and subject to change. Please consult your own financial, tax, or legal advisor regarding the application of the rules regarding your particular situation before requesting a distribution. For more information see IRS Publication 590-B.

Please contribute/distribute cash and/or securities from the IRA in the manner and for the reasons stated above. I certify that the information on this form is correct. Schwab may rely on my certification without further investigation or inquiry.

Note: If Section 4C (mail to a different address or payable to a third party) or 4E is completed, if no federal or mandatory state income tax withholding is selected in Section 7, or if this is a first-time distribution request from this account, the account holder must sign below. The IA and/or TAMP may sign if the distribution method in Section 4 indicates a first-party internal transfer (journal) to a Schwab account or a first-party check mailed to the address listed on this account, and the advisor has check and internal transfer disbursement authority. The IA and/or TAMP may also sign if the distribution method in Section 4 indicates a first-party wire and the advisor has first-party wire disbursement authority. State Income Tax Withholding Information for Individual Retirement Accounts

This general information is provided to help you understand state income tax withholding requirements for Individual Retirement Account distributions. While Schwab makes every effort to obtain information about state tax laws from reliable sources, Schwab cannot guarantee the accuracy or timeliness of state tax withholding information because state tax laws are subject to constant change and interpretation. Please make sure to properly estimate your withholding rate based on your tax status. You will be responsible for any under-withholding when you file your tax return. We recommend that you contact your tax advisor regarding your tax withholding elections or making estimated tax payments, and to answer any questions that you may have regarding your state's withholding laws.

Schwab may be required to withhold state tax from your distribution based upon state tax law for your state of residency. In other cases, state tax withholding is not available. Please refer to the chart above.

¹ State income tax withholding is required on lump sum distributions, and opting out of state withholding is not allowed.

Your withholding rate is determined by the type of payment you will receive.

- For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% on line 2. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.

- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate on line 2. You may not choose a rate less than 20%.

See page 2 for more information.

General Instructions

Future developments. For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to www.irs.gov/FormW4R.**Purpose of form.** Complete Form W-4R to have payers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See page 2 for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular

intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.**2025 Marginal Rate Tables**

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See page 2 for more information on how to use this table.

General Instructions (*continued*)

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate on line 2. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering “-0-” on line 2. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

Note: If you don’t give Form W-4R to your payer, you don’t provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can’t honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2025, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

Eligible rollover distributions—20% withholding. Distributions you receive from qualified retirement plans (for example, 401(k) plans and section 457(b) plans maintained by a governmental employer) or tax-sheltered annuities that are eligible to be rolled over to an IRA or qualified plan are subject to a 20% default rate of withholding on the taxable amount of the distribution. You can’t choose withholding at a rate of less than 20% (including “-0-”). Note that the default rate of withholding may be too low for your tax situation. You may choose to enter a rate higher than 20% on line 2. Don’t give Form W-4R to your payer unless you want more than 20% withheld.

Note that the following payments are **not** eligible rollover distributions for purposes of these withholding rules:

- Qualifying “hardship” distributions;
- Distributions required by federal law, such as required minimum distributions;
- Distributions from a pension-linked emergency savings account;
- Eligible distributions to a domestic abuse victim;
- Qualified disaster recovery distributions;
- Qualified birth or adoption distributions; and
- Emergency personal expense distributions.

See Pub. 505 for details. See also *Nonperiodic payments—10% withholding* above.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-” on line 2. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Line 1b

For an estate, enter the estate’s employer identification number (EIN) in the area reserved for “Social security number.”

Line 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate on line 2 (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”.

Suggestion for determining withholding. Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

Examples. Assume the following facts for *Examples 1* and *2*. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$65,000 without the payment. Step 1: Because your total income without the payment, \$65,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$85,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Because these two rates are the same, enter “22” on line 2.

Example 2. You expect your total income to be \$61,000 without the payment. Step 1: Because your total income without the payment, \$61,000, is greater than \$26,925 but less than \$63,475, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$81,000, is

greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. The two rates differ. \$2,475 of the \$20,000 payment is in the lower bracket (\$63,475 less your total income of \$61,000 without the payment), and \$17,525 is in the higher bracket (\$20,000 less the \$2,475 that is in the lower bracket). Multiply \$2,475 by 12% to get \$297. Multiply \$17,525 by 22% to get \$3,856. The sum of these two amounts is \$4,153. This is the estimated tax on your payment. This amount corresponds to 21% of the \$20,000 payment (\$4,153 divided by \$20,000). Enter "21" on line 2.
